Silver	STR25100	10mm x 100mm	3.3m	33
Silver	STR25120	12mm x 120mm	3.3m	33

## Installation Instructions

1. Cut the seamless transition ramp to your required length.
2. Secure the seamless transition ramp to the substrate using MJS GF400 adhesive applied to clean substrate with paint brush as per the manufacturers instructions.
3. Install sheet vinyl onto top of trim using MJS 102 Super Contact adhesive applied with paint brush as per the manufacturers instructions.

**Safety statement:** When cutting or drilling aluminium we recommend the use of safety glasses and gloves.
