# SEAMLESS TRANSITION RAMPS - 4.5MM

- Aluminium ramps for transitioning commercial carpet tile to timber or tile
- Quick and easy to install
- Consistent finish
- Available in 3.3m lengths
- Silver anodised finish
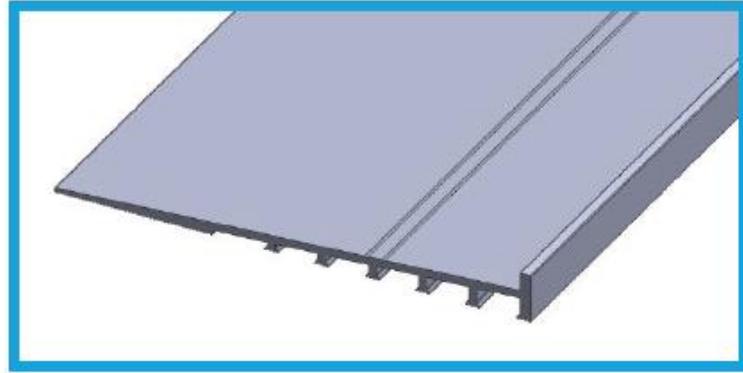

Product specifications

COLOUR	CODE	HEIGHT X WIDTH	LENGTH	L/M - CTN
Silver	STR45080	8mm x 80mm	3.3m	33
Silver	STR45100	10mm x 100mm	3.3m	33
Silver	STR45120	12mm x 120mm	3.3m	33
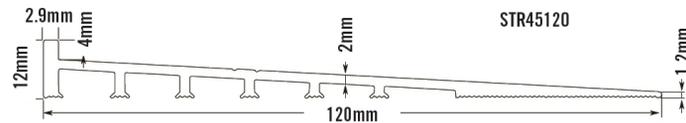

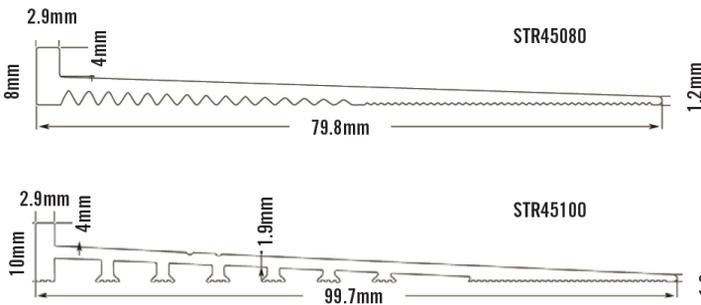

Installation Instructions

1. Cut the seamless transition ramp to your required length.

2. Secure the seamless transition ramp to the substrate using MJS GF400 adhesive applied to clean substrate with paint brush as per the manufacturers instructions.

3. Install carpet tile onto top of trim using MJS 2009 Super PS applied with a V1 notched trowel as per the manufacturers instructions.

Safety statement: When cutting or drilling aluminium we recommend the use of safety glasses and gloves.
