

MAX BOND

PRODUCT DATA SHEET

MSC SOLVENT CLEANER

PRODUCT DESCRIPTION

Max Bond SC Solvent Cleaner is used as general purpose cleaner and thinner for contact adhesive. It is ideal for removing water based and solvent based adhesive from tools and spray gun parts.

APPLICATION

Apply a small amount of Max Bond SC Solvent cleaner to dried adhesive to soften the film. Scrap adhesive as required and then use cloth to remove balance of adhesive.

Spray equipment can be soaked in Max Bond SC Solvent Cleaner to remove adhesive.

Note:

MAX BOND SC Solvent Cleaner is not recommended for removing adhesive from Vinyls, Carpets or any finished surfaces

SAFETY DIRECTIONS:

Avoid contact with skin and eyes. Avoid breathing vapour. Wear overalls, safety shoes, impervious gloves and chemical goggles. Use only in well-ventilated areas. If inhalation risk exists, wear organic vapour/particulate respirator. No smoking. Avoid contact with foodstuffs and sources of heat and ignition. All potential sources of ignition must be eliminated both in/or near the work area.

Wash hands after use. Store in a cool place and out of direct sunlight. Store away from oxidizing agents. Keep containers closed when not in use. Do not empty into drains. Store in a well ventilated area away from oxidizing agents.

STORAGE

Store in cool and dry conditions, preferably suspended off the concrete substrate. In cold climates, product should be stored at approx. 21°C on pallets or racks, providing clearance from concrete floors.

TYPICAL PROPERTIES

Appearance:	Clear Liquid
Viscosity:	Water thin liquid
Shelf Life:	12 months from date of manufacture when stored in a cool, dry, environment
Flammable Liquid:	3
Packaging:	1 & 4 litre metal cans

Note: Always carry out your own test to confirm suitability of this product with your application. Additional information on physical properties, health hazards, storage, handling and transport is available in the Material Safety Data Sheet (MSDS), available on MJS website.
