

Tru-Plank Cushion

Luxury Vinyl Plank

NORTHERN SAND

Nano-Silver Technology

Introducing our innovative Nano-Silver Technology, tailored to meet the unique needs of Australian homeowners who prioritise their family's well-being. Enhanced with the added protection of Ceramic Bead, suspended within the durable PUR finish, MJS Tru Plank collection represents a new standard in vinyl plank flooring.

Healthier Living for Your Family:

MJS Tru Plank's are enhanced with Nano-Silver technology, a protective barrier that actively inhibits harmful microorganisms, bacteria, viral and fungal growth, offering peace of mind in a world where health is paramount. Your children and pets can play and explore on floors that are not just beautiful but also hygienic.

Easy Maintenance:

Our planks are a breeze to clean, reducing your cleaning efforts and giving you more quality time with your loved ones. Tru Plank combines low maintenance with high protection, so you can focus on what truly matters.

Long-Lasting Quality:

Your home is where cherished memories are made. Tru Plank's Ceramic Bead additive will protect against wear-through and scratching, your floors will remain stunning and safe for years to come. These features are not just about durability; they're about preserving the beauty of your home for your family.

Style and Safety in Harmony:

You don't have to compromise on aesthetics for safety. Tru Plank offers a wide range of stunning designs, allowing you to create a warm, inviting space for your family. Now, you can elevate your interior spaces while prioritising health.

When you choose MJS Tru Plank, you're not just purchasing flooring; you're investing in your family's health and happiness. Our vinyl plank collection brings together innovation, protection, and beauty, ensuring your home is a haven.
