

TEKTANIUM™

SURFACE TREATMENT

Best ultra matt
finish and
unequalled
resistance

TEKTANIUM™

The Somplan Homogeneous collections are now available with our new TEKTANIUM™ PU coating which uses a proprietary polymer system - forming a naturally clear, verifiably stronger layer of protection that delivers unequalled resistance to scratches, abrasions, wear and stains.

Moreover, it offers a pure ultra matt finish. By mixing ultra matt effect with excellent resistance and durability properties, the surface of your flooring appears more realistic and lasts longer.

TEKTANIUM™ is the only PU coating to combine all these features, so there's no need for compromise.

Stain Resistance

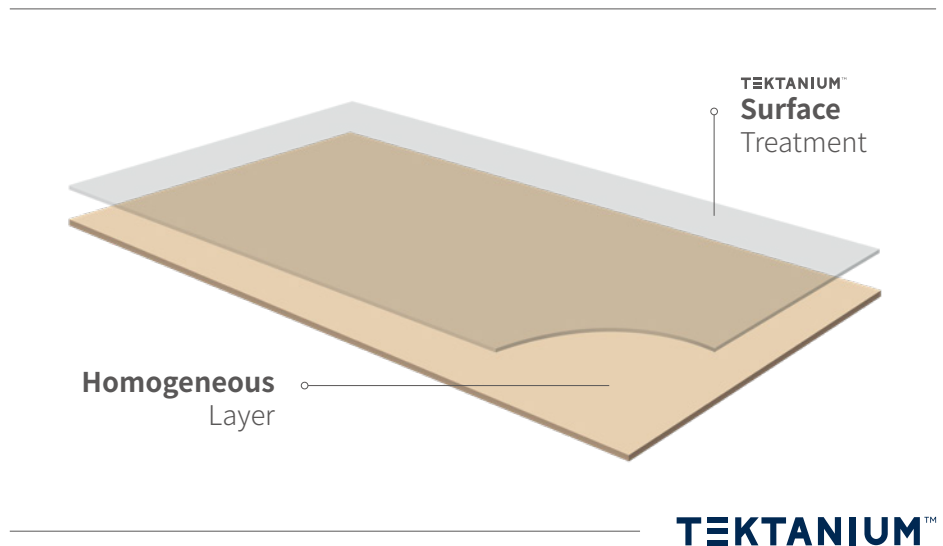

Wear Resistance

Scratch Resistance

Ultra Matte

TEKTANIUM™

OUTSTANDING STAIN RESISTANCE

Our Tektanium™ technology offers unrivaled resistance to guarantee long product lifespan, optimal cleanability and the best resistance to stain and chemicals, especially in Healthcare settings such as Iodine, Betadine, Eosine...

SUPERIOR WEAR AND SCRATCH RESISTANCE

In areas with high footfall - choosing the right surface treatment that is resistant is critical. Our new revolutionary technology creates a shield against all damage, including bed wheels and scratches - making it the ideal solution for hospital corridors.

EASY MAINTENANCE

Maintenance should be hassle-free. Our cutting-edge technology makes floors resistant to soiling and easy to clean even with strict hygiene protocols. It reduces cleaning costs and the environmental impact with less use of chemicals, water and electricity.

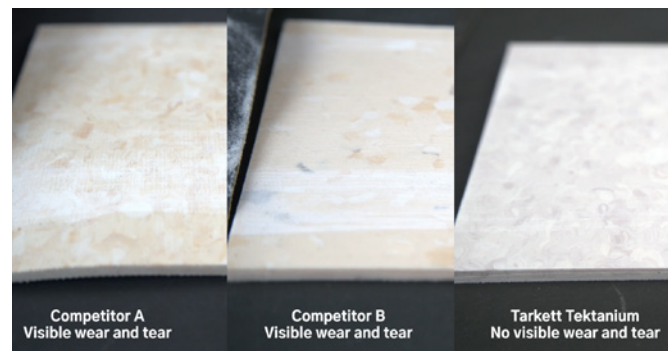

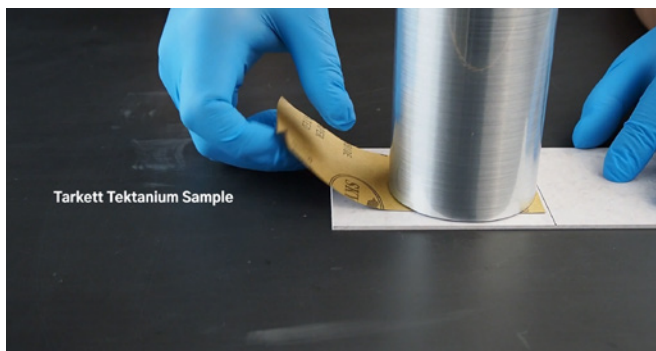

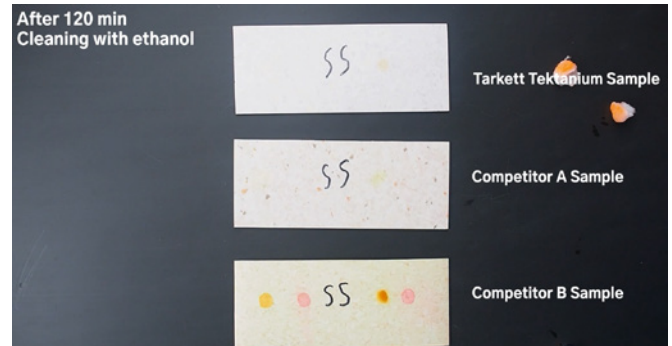

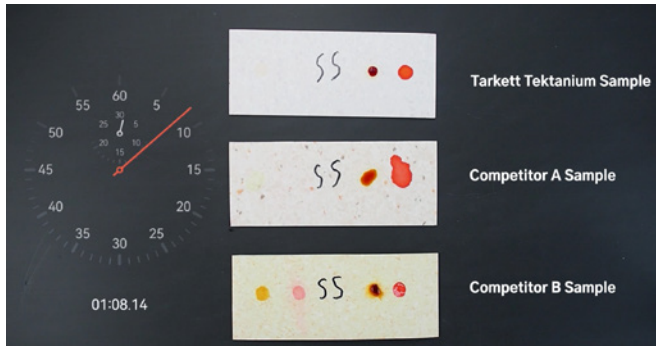

ULTRA MATT DESIGNS

An ultra matt finish instantly creates a sense of elegance in any space. Thanks to our Tektanium™ technology integrated in the Somplan collection, you can enjoy the best ultra matt finish that can be visible from all angles.

OUTSTANDING RESISTANCE

All Somplan collections now come with a next-generation surface treatment that sets new standards in performance. Exclusive to Tarkett, it brings best-in-class protection against marks and stains, even from chemicals like Iodine, Eosin or marker.

The homogenous structure and surface treatment ensure outstanding resistance to stains or scratches from heavy traffic.

TEKTANIUM™

No additional surface treatment is needed with TEKTANIUM™. The product is reinforced with an Excimer PUR surface treatment which suppresses any wax and regenerating polish spray maintenance operations.

Impenetrable heat welding joints enable impervious surface for maximum hygiene.

Somplan collection offers highly flexible flooring solutions for perfect coving results, ensuring an easy and improved maintenance.
